

# Beg the Lord of the Harvest to *thrust out* laborers in Asia

The current global distribution of missionaries puts relatively few among Unreached People Groups (UPGs) where the need is still greatest—in Asia

## Individuals in UPGs PER Missionaries Received in Region\*

\* Over 90% of missionaries work with existing churches in REACHED people groups. In large UNREACHED people groups, missionaries are often less than 1 to a million.

The table below, drawn from the *Atlas of Global Christianity and Joshua Project*, provides a more detailed picture.

### Distribution, by Continent, of Missionaries, Population of Unreached Peoples, etc. (by Missionaries Received—G)
